## Ingenico TETRA Equipment Guide

Ingenico's Telium TETRA line of devices delivers the latest payment types, features, and technologies for a wide variety of business scenarios. Shift4 offers multiple PCI-validated TETRA solutions and this guide will help you decide which devices are the best fit as businesses upgrade from Ingenico's previous Telium 2 line of terminals.

Shift4's TETRA options include:

| Lane/3000 | Lane/5000 | Lane/7000 | Move/5000 | Link/2500 |

| Old Ingenico Model (Telium 2) | New Ingenico Models (TETRA) | Typical Operational Use |
|---|---|---|
| CUSTOMER-FACING | | |
| iSC Touch 250 | Lane/5000 or Lane/7000 | Front Desk or Retail |
| iSC Touch 480 | Lane/5000 or Lane/7000 | F&B or Retail |
| COUNTERTOP | | |
| iPP 320 | Lane/3000 | F&B or Retail |
| iPP 350 | Lane/3000 | F&B or Retail |
| MOBILE | | |
| iWL 252 | Move/5000 or Link/2500 | F&B, but useful in any area |
| iWL 258 | Move/5000 or Link/2500 | F&B, but useful in any area |
| iSMP4 | Move /5000 or Link /2500 | Useful in any area |
