

SHIFT 4™

**A ONE-STOP SHOP
FOR YOUR SHOP**

shift4.com

SEAMLESS OMNICHANNEL SUPPORT

Whether you have a single shop, online store, click-and-mortar business, or a national retail chain, you can save time and money with Shift4's end-to-end-solution.

Process payments online, in-store, and everywhere in-between.

IN-STORE MANAGEMENT

Support for low and high-volume payment processing environments, card-on-file, book-and-ship, immediate sales, refunds, split-tender, multiple sites, enterprise expansion, and more.

FREE ECOMMERCE PLATFORM

The most secure card-not-present payments technologies available, shopping cart integrations, website building tools, and much more to boost your online sales.

MOBILE PAYMENTS

Accept payments wherever your customers are with Wi-Fi, Bluetooth, and 4G devices, allowing you to reduce lines and increase sales.

BACK OFFICE

Enterprise management and customer engagement tools, plus powerful reporting and auditing capabilities.

CALL CENTER

Our payment platform secures your manually keyed MO/TO transactions with integrated devices and solutions specifically designed for call center environments.

GIFT CARDS

Our flexible, secure, and feature-rich gift card program delivers unmatched customization and control to businesses, supporting both card-present and card-not-present environments.

SECURE PAYMENT PLATFORM

Your customers' data will always be protected by the most reliable payment security technologies, including EMV, PCI-validated P2PE, and tokenization.

ONE CALL FOR 24/7 SUPPORT

With just a single call, you get quick, unparalleled customer support for all your payments needs from our knowledgeable in-house team, available 24/7/365.
